24 No Watering	25 No Watering	26 No Watering	27 No Watering	28 No Watering	29 No Watering	30/31 No Watering

Stage Four restrictions state that residents can water their landscapes once every other week on their designated day and hours. The designated water day is determined by the last number of the street address: if the last digit of the street address is a 0 or 1, water on Monday; 2 or 3 on Tuesday; 4 or 5 on Wednesday; 6 or 7 on Thursday; and 8 or 9 on Friday. Those without a street address water on Wednesday. Landscape watering and drip irrigation is only allowed between the hours of 6a.m. - 10a.m. and 8 p.m. - 12 a.m.

Drip irrigation and watering from a 5-gallon bucket is now allowed only 3 days per week: Mondays, Wednesdays, and Fridays, during the specified hours. Hand watering and grey watering is allowed at any time. Please remember to adjust your automatic timers on your sprinkler systems accordingly.
